

### WORK PLAN PROPOSAL

The Work Plan Proposal has the aim of making the experience in the Erasmus Mundus mobility more transparent for the grantee and the Universities involved. By certifying the interest of the parties to implement the activity, it facilitates the recognition in the home country of the academic work carried out abroad and the transfer of experiences between institutions. It is proposed by the candidate and approved by the Host University and for TG1 grantees also by the Home University. During the mobility it can be updated to keep track of changes in the activity.
